

Sensory Stories

Ideal for People with Special Needs

STORY ARTE

Summary

Everyone has the right to experience a magical storytelling adventure.

Jennifer Ramsay offers a series of sensory storytelling journeys where we can feel, smell, touch, play and interact with story objects.

Enjoy the sensations of a spring day or go on a sea adventure with pirates to look for hidden treasure. Help spiders make tinsel for the Christmas tree. Perhaps just enjoy some short fairy tales from the Brother Grimm's collection or dare to participate in a scary Halloween story!

These sessions are ideal for children and young people with special needs and could be adapted for people living with dementia.
